N.REF : MAK/1561.2016

Dear Michel,

**Decisions adopted by PACONF/39 – Composition of the PAPGJC**

Thank you for your memos of 22 and 27 September informing the ECTAA Members about the decisions adopted by PACONF/39 in Singapore.

In particular we have taken good note that item R8 on the composition of the PAPJGC and PSG was adopted and that the agents' contingent at the PAPGJC will be increased from 9 to 12 members.

As you are aware the FNAVM organised a conference in Casablanca on 23 August 2016 to discuss the New Gen ISS resolution proposals. During the debates, our sister organisations from Africa and in particular from North and West Africa expressed the wish to get more closely involved in all matters related to the IATA programme and the consultations within the PAPGJC.

In this context I have been mandated at the Casablanca conference, by my fellow colleagues from the other African Travel agents associations to seek a representation for Africa and in Particular French speaking Africa at the PAPGJC.

By way of this letter I am formally requesting that one of the three additional agents' seats at the PAPGJC be allocated to a FNAVM delegate who will represent the entire group of North and West African countries.

I will appreciate if you could pass on our request to the WTAAA chair in view of the expansion of the agents' delegation as from 2017.

With Best regards

Amal KARIOUN

President FNAVM
